

DYNASEAL, OIL SEALED, VACUUM PUMP SYSTEMS

(Medical NFPA 99-C Compliant)

Available Options

Motor Enclosure

- TEFC (*standard*)
- High Efficiency
- Premium Efficiency
- Other _____

Vacuum Receiver

- Galvanized
- Epoxy Coated
- Other _____

Systems Options

- Low Oil Level Switches/Lights
- System Inlet Isolation Valve
- System Inlet Flexible Connectors
- Discharge Flexible Connectors
- Vibration Isolators (*set of 8*)
- Other _____

System Voltage Adder

- 460 Three Phase, 60Hz. (*standard*)
- 208 Three Phase, 60Hz.
Line voltage must be 207V or higher
- 208 Three Phase, 60Hz.
Dedicated 208V (200V) Motor
- 230 Three Phase, 60Hz.
- 575 Three Phase, 60Hz.
- Other _____

Electrical Options

Disconnects

- Circuit Breakers
- Circuit Breaker Disconnects

Other Electrical Options

- Power on Lights
- Remote Panel for Alarm Silence
- Nema Size Starters
- Other _____
